OC Animal Care Choose a Chihuahua!

(Orange, CA) OC Animal Care is hosting its second annual Choose a Chihuahua adoption event. The focus of this event is to educate the community about this wonderful breed of dog and to place homeless pets into permanent homes. The event will be held from 10 a.m. - 2 p.m. on Saturday, October 15th, at the OC Animal Care Center, 561 The City Drive in the city of Orange.

During the event, hundreds of Chihuahuas and Chihuahua mixes will be available for adoption at a reduced adoption fee. Adopted animals will receive a microchip, spay/neuter, de-worming, flea treatment and all vaccinations. Chihuahua adopters will receive the spay/neuter and flea treatment for free. In addition, Chihuahua adopters will receive a goodie bag filled with supplies for their new pet.

OC Animal Care invites residents to come down to the shelter to meet all of the wonderful animals that are available for adoption. People who attend the Choose a Chihuahua event can purchase treats from the bake sale, with proceeds benefiting the animals at the shelter. In addition, volunteers and staff will be on hand to answer questions, assist with animal visits and provide information on shelter programs and services. The parade of Chihuahuas at noon is a must-see for every shelter visitor that day!

“We are thrilled to host our Choose a Chihuahua event for the second year,” said Ryan Drabek, Director for OC Animal Care. “Last year 28 Chihuahuas found their forever homes during this event and this year, we hope to find homes for even more!”

For further information on this event, please visit our website at www.ocpetinfo.com or contact Ryan Drabek at (714) 935-7107.
